MISSION

Modern Campus partners with 1,700+ higher education institutions to create new pathways for learning and opportunity, reimagining how institutions serve the modern learner and shape the future of education.

Key Solutions

- **Modern Campus CMS**

A higher ed–specific content management system that powers personalized, accessible, and easy-to-manage institutional websites.

- **Modern Campus Curriculum**

A workflow-driven platform that streamlines curriculum creation, review, and approval processes across the institution.

- **Modern Campus Schedule**

A scheduling management solution that enables institutions to efficiently manage course sections, rooms, and instructor assignments.

- **Modern Campus Involve**

A student engagement platform that drives participation in co-curricular activities and measures skill development and involvement.

- **Modern Campus Catalog**

A digital catalog management solution that centralizes course information and enables seamless publishing across web experiences.

- **Modern Campus Navigate**

A student schedule optimization tool that helps learners build class schedules aligned to their personal needs and goals.

- **Modern Campus Message**

A conversational texting platform that delivers personalized, data-driven communication to guide students through key milestones.

- **Modern Campus Lifelong Learning**

A student information system designed to manage continuing education, professional programs, and workforce development at scale.

We Want to Hear From You

System Barriers: What are some of the biggest challenges that you are facing with your online registration system? Are you experiencing barriers with legacy technologies?

Learner Experience: What are some of the challenges of integrating these technologies in a larger University setting and offering a modern learner experience?

Integration: How do you find the integration between your registration platform and the payment processor?

How We Can Help

modern campus™

- Maintains PCI-DSS Version 4 Level 1 and SOC-2 Type II compliance
- Dedicated account managers and customer success managers
- Ask Us Anything Sessions with Product Managers
- Scaled subscription pricing based on institutional size and revenue
- Advanced integrations available with webhooks and web services

flywire

- Active product development to meet the changing needs of our clients
- Cost-effective and resource-efficient implementations
- Comprehensive payment solutions spanning the globe
- Integration with leading platforms like Modern Campus
- Free payer consulting services to optimize your learner journey

Wrap up & Ask Us Anything

Thank you!
