

# Membership Committee Annual Report | 2025-26

Submitted by Christie Schultz committee chair

## 1. Membership 2025-26

Membership numbers have remained consistent over the past four years. Amidst the evolving landscape of post-secondary education and the workplace in Canada, our robust membership underscores the enduring impact of university continuing education in Canada and highlights the vital role our association plays.

North Island College	

### 5. Professional members

John Borthwick	Michael Olaniyan	Barbara Shepherd
Rhonda Friesen	Patricia Regier	Caterina Valentino

## 6. Corporate associate members

CAUCE is currently undertaking a review and redevelopment of its corporate membership model for the 2026–2027 period, including the creation of revised terms and conditions. The previous corporate membership framework, launched in April 2023, did not achieve the desired level of engagement. That model was open to organizations providing goods and services within the higher education sector, particularly those serving University Continuing Education in Canada and was intended to deliver added value to CAUCE members.

## 7. Committee Members

I would like to recognize and thank the following members on this committee:

- Christine A. Brooks-Cappadocia, York University
- Andy Cochrane, Honorary Member
- Rod Lastra, University of Manitoba (liaison)
- Sheila LeBlanc, University of Calgary
- Christie Schultz, University of Regina (chair)

## 8. Committee Activities:

The committee convened by email to review new membership applications as needed and upon request of the CAUCE Secretariat.
